RING CURATE BEREAVED
Condolence is expressed with Rev. Father Victor de Paor, C.C. Ring, on the recent death of his mother Mrs. Kathleen Power, 24 Ranelagh Road, Dublin. Deceased was the widow of Mr. P. J. Power, Ulster Bank Naas, who was well-known in Rugby circles and was a past President of the Irish Rugby Football Union. She was a native of Kilkenny and is survived by her sons, Rev. Fr. Victor Power, C.C. Ring; Mr. Risteard de Paor, M.A., Lecturer in English in the University of Iowa, U.S.A., a well known writer and dramatist, and by Messrs. Louis, Harold and Bernard Power, and by her sisters Mrs. Le Bas, Mrs. J. Burke and Mrs. J. Coogan.

AUTHOR MAY ATTEND PERFORMANCE OF "SIVE" IN DUNGARVAN
Dungarvan may have the honour of having the author of the prize-winning play "Sive", present at a local performance of his work, if things go according to their well-above-month.

The past-pupils' union of St. Augustine's College, Dungarvan, have engaged the members of the Smith School of Acting, Waterford, to stage this much-talked-of play at the Friary Hall on Sunday and Monday, 28th and 29th February. Already indications are there that there will be full houses on these two nights, and plans are made for a third night's run, if there is sufficiently good booking to warrant a third night's performance. Mr. John B. Keane, the author of this famous play has promised to attend the show. He was so impressed with the performance of his play "Sive" by the Waterford group that he promised them the first run of his next play.

Messrs. Liam Comerford and Patrick Murphy of Dungarvan Dramatic Club met members of the Committee of the Smith School in town on Thursday last to assist the latter in matters pertaining to authentic props and scenery, considered so essential to do full justice to this play. An honest-to-goodness, old-fashioned country house dresser, complete with crockery, was considered a "must" and members of the active Friary P.P.U. set the wheels in motion to acquire one for the play.

DUNGARVAN MANAGER'S CONDEMNATION OF BOMBING OUTRAGE
On the proposition of Mr. James Foley, B.Sc., Abbeyside, General Manager, Dungarvan Co-operative Creamery Ltd. and President of the Association of the eighty members representing all branches at a special meeting of the Irish Creamery Managers' Association, held at the week-end passed, a unanimous resolution joining with the Dean of Kerry, Rt. Rev. Mgr. D. A. Reilly, in publicly condemning the recent bombing outrage on the home of the Tralee colleague, Mr. Patrick O'Sullivan.

Mr. Foley stated that Mr. O'Sullivan was one of the outstanding members of the professional creamery managers and had an excellent record of building up the Lee Strand Creamery. He was a member of the National Executive and Chairman of the Tralee Branch of their Association.

Mr. Foley added that the carrying out of their duties as creamery managers throughout the country without fear or favour had become an occupational hazard, and men had their livelihoods because of it. The dastardly bombing outrage in Tralee was the first of its kind as far as the profession was concerned. It was, as far as was possible, the duty of the members of the Association to defend men's lives and the lives of their families, and no words which they could express could be sufficiently strong in denouncing this murderous attempt on the home of Mr. O'Sullivan.

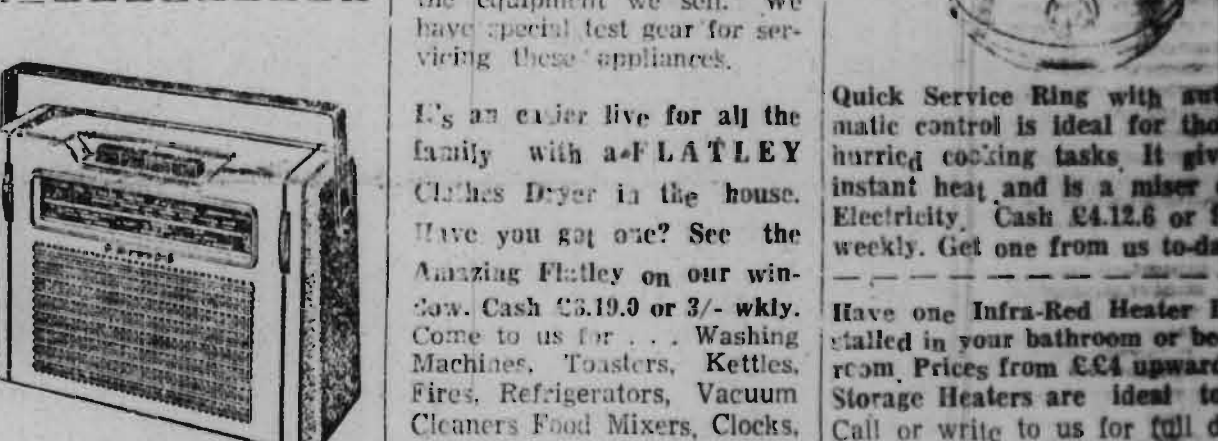

WON POULTRY JUDGING COMPETITION
A ladies team for Ballinacorney won the County Final of the Macra na Feirme Poultry Judging, held at the I.C.A. Hall, O'Connell Street, Dungarvan, on Friday afternoon last. Dungarvan was represented in the competition. A total of six teams took part.

Miss M. M. Mullins, Poultry-Instructor, Waterford County Committee of Agriculture was adjudicator. **WEDDING: TWOMEY-SPRATT**

Obituary Notice

ACKNOWLEDGMENT

WALSH — The sons, Sister
 (Mother M. Berchmans) and
 relatives of the late Mrs. Katie
 Walsh, R.I.P., Comeragh, wish
 to thank sincerely all those
 who sympathised with them in
 their recent sad bereavement;
 those who sent Mass cards,
 messages of sympathy, and
 those who attended the obse-
 quies. A special word of
 thanks to Venerable Arch-
 deacon David Power, P.P.,
 V.F., and Rev. T. Fitzgerald,
 Waterford, Holy Mass will be
 offered for their intentions.
 Trusting this will be accepted
 by all in grateful appreciation.

IN MEMORIAM

BURKE (nee Dunford)—First
 anniversary—in sad and lov-
 ing memory of Anne Burke,
 Ballyneety, who died February
 22nd, 1959. Our Lady of
 Lourdes pray for her. Masses
 offered.
 God takes the best for reasons
 divine.
 But memory lives till the end
 of time.
 —Inserted by her husband,
 brother and sisters.

CURRAN — (1st Anniversary)—
 In loving memory of our dear
 sister Nance Curran, late of
 Shandon Street, Dungarvan,
 who died on 24th February,
 1959. On her soul Sweet
 Jesus have mercy. Masses
 offered.
 Rest in peace. O dearest sister
 Thou art happy, thou art
 blessed;
 Earthly cares and sorrow
 ended.
 Never to break thy holy rest.
 Never did a heart more faith-
 ful,
 Throb within a human breast.
 Then the one now stilled for-
 ever.
 Passed unto eternal rest.
 —Inserted by her ever-loving
 sisters.

CURRAN — (First Anniversary)—
 In loving memory of my
 dear wife, Nance Curran, late
 of Shandon Street, Dungarvan,
 who died on 24th February,
 1959. On her soul Sweet
 Jesus have mercy. Masses offered.
 No one knows the long time.
 As I write these simple lines,
 For the wife's love and ten-
 derness,
 That is no longer mine.
 We think of you in silence.
 And make no outward show.
 But what it meant to lose you
 Only God will ever know.
 —Inserted by her ever-loving
 husband, sons and daughters.

Lismore Factory

MATTER NOT

DEAD — Colr. Dowd

Proposed Factory for Lismore tractor not dead—Colr. Dowd. At a meeting of the Waterford Council in Dungarvan on Monday last, Colr. H. Dowd, Lismore, said there was a great deal of misunderstanding over the proposed Chipboard factory in Lismore. There is nothing certain yet about it, he said, but the matter is by no means dead. The promoters are occupying themselves in getting some snags fixed up and negotiations are going on in a more satisfactory way than they were. There is good hope of getting the factory. Colr. Dowd said that members of the Lismore sub-committee of industry and commerce had been subject to a whispering campaign which was initiated by people who should have more sense.

Chairman (Mr. M. Morrissey, Solr.)—We are doing the best we can.

Mr. Norman Walsh—Lismore is entitled to this factory. There is a crying need for it in the town. If there is any body of men or women willing to co-operate with us, we will be very glad to have them. Lismore is a depressed rural area and suffers greatly from emigration.

Colr. C. Curran said that he wished to congratulate the committee for their efforts towards obtaining the factory for Lismore. They have worked hard and he said, not for themselves but in the interests of the town.

Colr. Walsh—I understand the Taoiseach is considering the matter at the moment.

The Secretary (Mr. Dowling) then read a letter from the Department of Finance which asked for a reasonably detailed statement of the position and prospects concerning the proposed factory to be furnished to the Economic Development Branch.

The Council agreed to furnish the required detailed statement.

HAS APPEARED FOR LAST SIX OR EIGHT MONTHS

The Chairman, at Monday's Co. Council meeting said that Colr. T. Lannon's motion demanding a public sworn inquiry be held into all clerical appointments in the Co. Council for the last ten years should be removed from the agenda, as it has appeared on every agenda for the past six or eight meetings and has never been moved. Colr. Walsh said that it should be left on the agenda, as every member was entitled to have a motion on it.

Colr. Foran—We should have a limit to a notice of motion. If a councillor is sincere he would move his motion within three months.

Chairman—Leave it on for the next ordinary meeting of the Council. If it is not moved then I suggest we remove it from the agenda altogether.

Mr. Manager—Don't think I am worried about the meeting of the Council but it should not be left for meeting after meeting. The Chairman's proposition was agreed to.

WATERFORD PEOPLE ACCUSED OF NON-CO-OPERATION WITH GARDAI

A letter from the Limerick Corporation concerning the Malicious Injury Act, asking the Waterford Co. Council to amend a section of the Act was read to the Council of last Monday's meeting. The reading of the letter sparked off an accusation by Colr. Foran that the people of Waterford City and County were failing in their duties to co-operate with the Gardaí in their efforts to curb crime and vandalism in the county.

Colr. Foran said in this county we have seen damage being done to public property. Yet we never report it to the Gardaí. The ratepayers have to bear the burden of this vandalism. I suggest we send a resolution to the Minister for Justice asking him to appeal over the radio for public co-operation with the Gardaí.

The people of Waterford, continued Mr. Foran, are either asleep or cowardly in this matter. We seem to shut our eyes when we see damage being caused to public property.

The Secretary said that for the coming year the County Council had put aside £655 for the payment of malicious injury claims. This represented approximately 1d. in the £ on the rates.

£1126 TOWARD SUPPLEMENTARY LIGHTING

Mr. J. Halley, Co. Engineer, put before the County Council at Monday's meeting that the Council spend £1126 towards improving the public lighting during the coming year.

The County Engineer suggested that the cost be spread over three or four years.

Colr. Lynch, Passage East, said that proper lighting was desirable in country villages.

Colr. Hart, proposing, an amendment said — I consider that water and sewerage is more important than the lighting. I propose we do not put up the money. The amount of borrowed money in this county is colossal.

The Co. Engineer's proposition was adopted.

New David Brown

850 Implementatic

Tractor

A new small David Brown tractor—the David Brown 850 Implementatic—has recently been introduced to the Irish market. Compact and exceptionally manoeuvrable, this tractor has all the special features for which the name David Brown is world-famous: all-purpose hydraulics, enabling operators to use all types of linkage-mounted implements (lithers with or without depth control; single lever hydraulic control; and the unique combination of Traction Control and Differential Lock which gives complete mastery over wheel slip in even the worst weather conditions).

The new tractor represents an advance in agricultural engineering and should prove very popular with the Irish farmers on account of its manoeuvrability and compact design. The tractor will be marketed at the keenly competitive price of £662 which is inclusive of all accessories including power take off unit; full road and field lighting; Differential Lock; Traction Control Unit; Implementatic Depth Control; de Luxe seating etc. A Livedrive version of the 850 model is also available which is equipped with the same basic fittings as the standard machine but in addition it incorporates a 'live' power take-off unit and 'live' hydraulic system.

ADVANCING THE IRISH LANGUAGE

County Waterford Vocational Education Committee is to take steps shortly to aid the advancement of the Irish language in the county.

"I received considerable correspondence on this matter," stated Col. Charles Curran, Clashesmore, who had originally raised the matter. "I was agreeably surprised at the excellent response," he said.

The C.E.O. stated that since a circular had been sent out by him following the committee's meeting, he had received replies from a number of voluntary bodies in the county signifying their willingness to participate in the scheme and to send delegates to a meeting which will be called to launch the plan. Various branches of Comradh na Gaeilge, the I.C.A., Macra na Feirme, Civil Defence, A.T.G.W.U., Comhaltas Ceoltóirí Éireann, Coiste Foilbirtí na Rinne, I.N.T.O., Local Government Officers Organisation, Muinntir na Tíre, etc., had offered to send from one to four delegates.

Mrs. Griffin said that there would be a considerable representation from the I.C.A. as she was preparing a list of the Gullids which were interested.

Mr. Curran said that the County Board G.A.A. and the F.C.A. were also anxious to participate and that it would be advisable to fix a date now for some weeks ahead to give everyone adequate notice.

It was decided to leave the fixing of a suitable date to the C.E.O. and it is proposed to hold the initial meeting at Dungarvan Technical School at 8 p.m. in approximately a fortnight's time.

INCREASED PENSIONS

"Pensioners all over the country are getting this increase and we should not be the exception," stated Alderman Thomas Kyne, T.D., proposing a resolution that increases in their pensions be granted, under the Pensions Increases Order, to retired officials of the committee; Miss Kathleen O'Neill, Messrs. James Langan and Laurence Kieley.

ESSAY COMPETITION

One boy from County Waterford, Eamonn O'Fearachair, a pupil of Cappoquin Vocational School, received a prize of £1 in the recently held Essay Competition sponsored by the Savings Committee, it was stated at the monthly meeting of the County Waterford.

The last week's meeting when the C.E.O. read a letter of thanks for his co-operation from the Director of the Savings Committee.

TWO VACANCIES

Following the death of Seamus O'Leach, "An Fear Mór" and Thomas O'Faolin, both of Ring, there are two vacancies for members on the Committee.

The C.E.O. stated that Liam O'Miochchain, Ring, who had been appointed by the County Council, had notified his non-acceptance and that the Council would appoint two members at their next meeting.

SEEK PARITY

"Our officers do the same type of work as the Co. Council clerical staff, and I think it is only fair that they be put on the same scale," stated Ald. Kyne, proposing the adoption of a resolution sent from Co. Limerick. "That the City of Limerick Vocational Education Committee express the gravest concern at the protracted delay in adjusting the remuneration of clerical staffs under Vocational Education Committees and earnestly requests the Minister to direct salary scales to clerical staffs employed by Vocational Education Committees vis-a-vis their counterparts employed in Local Government."

Seconding the adoption of the resolution, Col. Curran said that he felt that this was a reasonable request from the Limerick body.

"BOISTROUS BODY" WANTS MORE

"They seem to be quite a boisterous body at the moment," said Col. Curran when a request was read from the Tramway Town Commissioners stating that the premises occupied by the County Waterford Vocational authority at Tramway House had recently been separately valued at £35 on which valuation the Town Commissioners have had to pay rates for the year ending 31st March 1960 amounting to £216.6 plus water rates amounting to £22.11, a total of £238.71. This, they claimed, reduced the rent receivable in respect of the Committee occupancy to £211.04 as against £200 in the first instance. In the circumstances the Commissioners would like to discuss the altered situation with the C.E.O. and representatives of the Vocational Committee.

The C.E.O. said that £100 was a substantial rent for the Committee to pay for the premises which they now used and he did not think that the value they got would be worth paying more for.

Mr. O'Hara—We occupy rooms there and these are valued separately? That's strange.

C.E.O.—Yes. The Committee does not pay rates on educational buildings with the exception of water rates. This premises at Tramway is not our property and this matter of valuation is a matter for the Tramway Town Commissioners.

It was decided that Ald. Kyne, Mr. Norman Walsh and the C.E.O. attend a meeting of the Tramway Town Commissioners for a further discussion of the matter.

THE DEMAND IS FOR WEAVERS

The C.E.O. reported on his attendance at a special meeting in the Department's Offices in connection with the new apprenticeship scheme of Gaeltarra Éireann, under which increased maintenance allowances would be paid to girls and boys from Gaeltacht areas, and outside, while training as apprentices in the weaving and toy-making factories of Gaeltarra Éireann. The two years' apprenticeship would include six months in school and attendance at special instructional weaving centres in the Gaeltacht. There were good openings for suitable candidates. Girls would receive £3.17.6 and boys £2.2.6 for a beginning and arrangements would be made for their accommodation in the factory areas.

Col. Curran—It is a pity that we have no instruction in weaving in the county. In my area we can't supply sufficient workers for the factory across the river. There are people from Ardmore, Clashesmore, Tallow and Lismore, working in the Young's factory. Employment there will increase by 100% next April and then there will be a major problem regarding the supply of workers.

Girls were making £10 per week and boys £12 and over at this work, counting their overtime pay, he said. If they had suitable trainees these people would not have to start work in the factory as apprentices.

The C.E.O. said that as well as the provision of a trained instruction the setting up of a weaving class would necessitate the purchase of equipment, such as looms, etc. This type of specialised class was usually conducted in the areas in conjunction with the factories concerned.

NEIGHBOURS AT LAW

At the Circuit Court held in Dungarvan on Tuesday, a claim for damages for negligence came before Judge Fawcett. The plaintiffs in the case were Mr. John Howell, of Mount Odell, Dungarvan and his daughter, Joan, of the same address. The defendant was Mr. Edward Cooney, Mount Odell.

The case arose out of an incident on the 19th March, 1958. It was stated that Mr. Cooney's haggard was adjoining Howell's dwellinghouse. It was alleged that on that date Cooney sent John Walsh to take down the roof. As a result, the parlour of Howell's house had been badly damaged by dampness. It was also alleged that the roof was removed in a negligent manner.

Giving Evidence, Mr. P. Walsh, B.E., said he visited Howell's house after this. There were black marks to be seen on the parlour wall. This was due to dampness in his opinion. The wallpaper was fit to be torn down and there was a smell of decay. At the time it was certainly not in liveable condition. The walls of the outhouse were also in a poor condition and the wall dividing the premises was poorly plastered. Mr. Walsh estimated the cost to be £22 for plastering the external wall, £14 for plastering the parlour and £14 for decorating.

To Mr. Clarke, B.L., Mr. Walsh said he made two inspections, one six months ago and the other two months later.

Eighty year old John Howell then gave evidence. He said he was in bed on the morning of March 19th, 1958. When he heard a loud hammering he went out with his daughter and saw Cooney and John Walsh stripping the galvanised off the roof. He tried to stop them but Cooney told him to get out. His house was in perfect condition before that roof was removed.

Cross-examined by Mr. Clarke, Howell said he was not aware his daughter once complained about the state of the roof that was removed. He was not aware that his daughter prevented Cooney from levelling the wall which eventually collapsed.

Miss Howell corroborated with her father.

Edward Cooney, in evidence, said he owned the shed. Previous to this time he often visited Howell's and found the parlour to be damp.

John Walsh, Killishal, gave evidence of stripping the roof on 19th March. At that time Miss Howell had no objection to removing the roof. Mr. Cooney was with him during the day when John Howell came along and said "Boys, ye are doing great work." Mr. Walsh also said he visited Howell's dwellinghouse and also found the parlour to be always on the damp side.

Summing up Judge Fawcett said that the defendant had every right to remove his own roof. On the other hand, he must take care not to injure other property. I am satisfied all the dampness in the parlour was not Cooney's fault. He gave a decree for £25 and costs.

DAMAGES FOR MALICIOUS INJURY.

Mr. Colum Moloney received £20 and costs in his claim for malicious damage to his plate glass window in O'Connell St., on the morning of 24th Sept. 1959.

LETTERS TO THE EDITOR

The Editor "Observer"

A Chas.—At a recent meeting of the Waterford County Board G.A.A., the Chairman stated that the matter of the Dungarvan Field should be dropped completely. The Board, he stated, had done its utmost to settle with the owner but had failed.

I, acting for the owners, have repeatedly asked for a discussion without result. Last November, when a statement on the Gaelic Field crisis was issued by the Chairman, I requested permission to attend a meeting of the County Board, to enable me to reply and let the delegates know the facts of the matter in dispute. I was refused permission to go before the County Board.

In view of this do the delegates and members still think that the Board has done its utmost to settle the matter?—Is misse.

TOURANEENA NEWS

OBITUARY

Seldom has a death caused such heartfelt sorrow and regret throughout the district as the demise of Mrs. Mary Coffey (nee Foley) which took place at her residence, Knockmeal, Ballinacree, on Wednesday last.

She had been up and about in her usual health doing her daily chores when she suddenly collapsed and died. The deepest sympathy is felt for the bereaved ones in the very sad loss they have sustained. To her broken-hearted husband, Mr. Pat Coffey, in particular, and his five children of tender years, the youngest being only two months, her death has come as a very severe blow but if temporal ease can help to comfort them in their grief, they have the wholehearted sympathy of the entire community who join in prayer that God may help them to bear the heavy cross that has fallen on their shoulders.

We join with their many friends and the general public in extending to the bereaved husband and family, the father, sisters, aunts and other relatives our sincere sympathy.

The vast cortege that accompanied the remains to St. Mary's Church Touraneena on Thursday evening, was one of the largest ever seen in the district.

Following Requiem Office and High Mass on Friday morning interment was made in the family burial plot in the cemetery adjoining—R.I.P.

(Funeral arrangements were by E. Kieley & Sons, Shandon).

KILMAC' NEWS

Miss Mrs. Mary Cunningham, (nee Foley) Graven—Following an indisposition borne with a firmness and Christian resignation, the death of the lady above named, she passed away at the home to the inexpressible grief of her sons, James and Patrick, daughter, Mrs. W. Brazill, sister, Miss Nora Foley and relatives, with whom the deepest sympathy is felt in their affliction. Deceased, who hailed from Kilmacshom, was widow of Mr. Patrick Cunningham, farmer.

Following Requiem Masses on Wednesday the burial took place in Kilmacshom Parish Church cemetery.

Mr. Edmund Moroney, Comeragh, died at his residence on Tuesday after a short illness and in the fullness of his years.

WATERFORD COUNTY BOARD OF ASSISTANCE

"To build, or not to build."

That was the question before last Monday's Board of Assistance meeting held in the Courthouse, Dungarvan. The question involved was whether or not a new residence shall be built in Bonmahon for the present medical officer.

Colr. Gallagher said that only a short two months ago a resolution was passed that no such residence be built. Why change now, he said.

Co. Manager—In a poor district like Bonmahon it might be feasible to build a residence. Mr. Kennedy—He is leaving if he can't get a residence. He doesn't want to leave but he may be forced to go. We decided years ago to build the residence.

The Secretary (Mr. Hynes) said in December it was decided not to build one.

Colr. Walsh (Acting Chairman) said that they were not obliged in law to build one. Why burden the ratepayers, he said.

Co. Manager—The extra cost would be very little.

A letter from the medical officer was then read by the Secretary asking them to supply water in his existing residence, instead of a new house.

Co. Manager said he would get an estimate of the cost of supplying the water and would present his report at the next meeting.

VISITING COMMITTEE'S EXCELLENT REPORT

Colr. Gallagher and Colr. Carroll told the Board of Assistance that they had visited St. Patrick's Hospital and Ardenknee Hospital.

Colr. Gallagher said that there was really very little to report. There was a little bit of painting required in St. Patrick's but otherwise it was in perfect condition. Ardenknee, he said, was in perfect condition. We visited all the wards, continued Mr. Gallagher and we heard nothing but the highest of praise from the patients. We also visited the laundry and the equipment there was most modern.

Colr. Carroll said he had nothing else to add except that they should congratulate the staffs of the hospitals which the Board's institutions were being run.

Ald. Kyne said it was gratifying to hear such an excellent report. There is just one point I would like to raise, he said. I am told that the supply of sweets for the people at St. Patrick's is scarce. Most of the old people don't smoke or drink and should be provided with some luxuries. I am told that they are getting 10/- a week out of their own pockets towards sweets.

Colr. Walsh said he was sure the matron would look into the matter.

Colr. Walsh said that the owner of the proposed site for the dispensary at Clashesmore would not sell it for anything under £100. This site is most suitable, he said, and I would recommend you for the sake of £25 to accept the owner's proposition.

Co. Manager agreed.

It was then agreed to pay £100. The original offer of the Board was £75.

CAPPOQUIN WANT DISPENSARY NURSE

The Chairman (Mr. Walsh) said that Cappoquin was in dire need for a dispensary nurse. I want to see justice for all, he said. The nurse in Ballyduff is useless to us. We need one that can be at hand at all times. We are entitled to the services of a dispensary nurse. I am only asking a fair thing. Get the men in Dublin to waive their duties to the South. I want to see favouritism for none but justice for all. The worst won't be put over my eyes in this matter. A letter from the Minister said he was reluctant to make the appointment.

Co. Manager—The Department will write again. Why not wait until they do?

Ald. Kyne—I propose we ask the Dept. to reply immediately. The Secretary said that there was a resolution to close it down. The averies daily number of patients at the hospital he said, was five or six.

Ald. Kyne—If the Fever Hospital closed it will be a poor

look out for the people of Waterford City and County.

Colr. Walsh said that it would be advisable to hasten slowly on the matter.

The Secretary said that the members of the Board would be notified before any action was taken in the matter.

AIRMOUNT MATERNITY HOSPITAL

The Co. Manager gave his decision on Airmount. The report was as follows:

Re Airmount and Middle Income Group Patients

A Chairde—I stated at the Estimate Meeting that I would give my decision in regard to the application of Airmount for all middle income patients and now I submit my report.

I consulted with the Department of Health on the matter and it is clear that the Dept. would be in favour of extending the agreement already made, accepted and kept faithfully by the Board and the Department of Health.

This pointed out that it is perfectly clear in the Health Acts that patients have a choice of hospitals but that if they elect a hospital other than one of the Board's hospitals they have to pay a contribution towards their maintenance there.

In the case of the Lower Income Group mothers electing to go to Airmount, the Board and the Minister have conceded that they would be paid for in full in a public ward and notwithstanding that and other substantial financial considerations which were granted, Airmount by the Minister for Health, it is now sought to demand that Middle Income Group cases should be similarly treated. The maximum amount which the choice of Airmount would cost a Middle Income Group mother would be at most ten days at 10/- per day or £5. It is surely not suggested that people in that income bracket up to £800 per annum could not afford to pay this sum if they consider that they should go to Airmount instead of Ardenknee.

The agreement made already and the small size of the maternity Unit at Ardenknee, is sufficient assurance that there is no fear of the future of Airmount even the Ardenknee Unit were constantly filled to capacity—which has not been the case up to now. I do not therefore propose to ask the Minister to grant further concessions to Airmount and I myself am in full agreement with the Department's views on the matter.

I consider that the Airmount authorities have been treated very generously already by the Minister and the Board and that this further application would be wrong in principle and foolish in practice.

DISPENSARY AT CLASHMORE

Colr. Walsh said that the owner of the proposed site for the dispensary at Clashesmore would not sell it for anything under £100. This site is most suitable, he said, and I would recommend you for the sake of £25 to accept the owner's proposition.

Co. Manager agreed.

It was then agreed to pay £100. The original offer of the Board was £75.
