# STUDENT CHARTER

UNIVERSITY  
CENTRE  
WESTON

# WELCOME TO UCW

It outlines our shared responsibilities and expectations, which in turn help to shape the culture of achievement that UCW and our students wish to nurture.

UCW is fully committed to providing holistic support for students, support can be provided by specialist members of HEART and tutors. If we are made aware that a student has a disability, learning difference or mental health condition then this will be shared with relevant colleagues to ensure that effective support can be provided. All information will be treated with sensitivity and only shared with the relevant members of staff.

**“University Centre Weston promotes a culture of support and academic rigour in a stimulating learning environment.**

This is embodied by our mission statement: “to deliver an outstanding higher education experience, enabling success and inspiring ambition”.

Although this Student Charter is not meant to be a legally binding document, it is a firm statement of joint intent, collaboration and partnership.

If at any point we really concerned about a students’ health and wellbeing, to the point where we feel they could be in danger or a harm to themselves, then we would encourage that student to make contact with their declared ‘emergency contact’. If the student is unable to make contact themselves, then HEART may decide to make the contact to ensure the student is safe and can be fully supported.

Welcome to UCW.”
