Berlin Buildings, Booklet Sheet 1

Most of the Berlin se-tenants originate from booklets (i.e., from booklet panes), but some - especially those with gutters and tête-bêches - may originate only from booklet sheets. As of 1974 (accident prevention issue), booklet sheets were no longer made available to the public, since 1974 no se-tenants with gutters or tête-bêches exist. Booklet sheets and booklet panes are referred to in this album text according to the Michel system.
