Einige Hinweise zu diesem Albentext

Dieser Albentext der dänischen Briefmarken 2004 bis einschließlich 2023 schließt sich nahtlos an denjenigen für die Jahre 1851 bis einschließlich 2003 an. Er umfasst die Dauermarken, Sondermarken, Zuschlagsmarken und Automatenmarken, die zusammenhängend chronologisch nach Jahren aufgeführt werden. Die Systematik orientiert sich dabei an europäischen Briefmarkenkatalogen, hier insbesondere Michel und AFA. Dies gilt nicht zuletzt für die Unterscheidung zwischen Briefmarkenblocks und Kleinbögen.

Dauermarkenserien werden jeweils für das Jahr zusammengefasst berücksichtigt, in dem die erste Einzelmarke der betreffenden Serie erschienen ist. Die beiden seit Jahrzehnten genutzten Dauermarkendesigns 'kleines Staatswappen' und 'Ziffern mit Wellenlinien' wurden 2004 bzw. 2005 in neuer Gravur herausgegeben. Wichtige Charakteristika der jeweiligen Neugravur werden illustriert.

Zusätzlich zu den Blocks werden auch die darin enthaltenen einzelnen Briefmarken berücksichtigt. Unberücksichtigt bleiben demgegenüber die Zusammendrucke aus Blocks, Markenheftchen und Kleinbögen, wie auch die Markenheftchen und Kleinbögen selbst. Dies gilt gleichfalls für Heftchenblätter aus den ‚Prestige'-Heftchen, die in manchen Katalogen zu den Blockausgaben gezählt werden.

Für die Automatenmarken sind je Ausgabejahr und Design jeweils mehrere Felder vorgesehen, deren Anzahl entsprechend den individuellen Anforderungen angepasst werden kann. Nicht berücksichtigt werden bei den selbstklebenden Automatenmarken (ab 2006) unterschiedliche Größen der Wertaufdrucke – je nachdem, ob es sich um direkt von der zentralen Versandstelle bezogene Automatenmarken oder solche aus lokalen Automaten handelte. Letztere wurden in Dänemark bis zur Jahresmitte 2015 wieder sämtlich abgebaut. Im Albentext werden diese Unterschiede bei den Wertaufdrucken lediglich illustriert.

Seit Ende 2009 werden neue dänische Briefmarken fast nur noch selbstklebend und daher gestanzt herausgegeben. Ausnahmen bilden lediglich die Einzelmarken aus den (meisten) Blocks sowie den (‚Prestige'-)Markenheftchen. Bei denjenigen Briefmarken, die sowohl in gezähnter als auch in gestanzter Form vorkommen, werden diese Unterschiede benannt und berücksichtigt.

Nur illustriert werden demgegenüber bei den selbstklebenden Briefmarken die unterschiedlichen Formen der Stanzungen je nachdem, ob es sich um Briefmarken von Folienbögen bzw. -blättern (zähnungsähnliche Stanzung) oder solche aus Markenheftchen (wellenförmige Stanzung) handelte. Diese Unterscheidung war für die Jahre 2010 bis einschließlich 2013 relevant.

Seit 2016 werden in Dänemark die einzelnen (selbstklebenden) Briefmarken ganzer Sätze jeweils zusammen auf einem Streifen gedruckt. Da dies die übliche Form ist, in der selbstklebende Briefmarken in Dänemark in den Verkehr kommen, werden auch diese Zusammdruckstreifen zusätzlich zu den Einzelmarken berücksichtigt.

Die Illustrationen der Briefmarken sind in schwarz-weiß gehalten und gegenüber den Originalmarken deutlich verkleinert, damit sie nicht von den tatsächlich vorhandenen Briefmarken der Sammlung ablenken. Diese Einstellungen können mittels des Programms AlbumEasy sehr leicht geändert werden.

Nur für Briefmarken, die sich bei gleichem Design und gleichem Nennwert lediglich in den Farben voneinander unterscheiden, werden diese Farben für eine bessere Identifizierung bei Schwarz-Weiß-Darstellung angegeben.

Die Seiten wurde für das Papierformat A4 entworfen. Anpassungen des Formates (z. B. Letter oder A3) können im AlbumEasy-Quelltext leicht vorgenommen werde. Dies macht eventuell Anpassungen des Seitenlayouts erforderlich.

Dieser Albentext ist kostenfrei und ausschließlich für die private Nutzung und Modifizierung bestimmt. Das Copyright verbleibt beim Verfasser. Eine kommerzielle Nutzung ist auch bei Modifizierung unzulässig.

Der Albentext wurde sorgfältig erarbeitet. Für gleichwohl noch vorhandene Fehler wird um Nachsicht gebeten.
