Rosette Design, Perforated

Rosette Design, Serrate Rouletted 13½

Numerous varieties exist due to varying printing methods and perforations. Flat plate printings and rotary press printings, can be distinguished by the size of the printed area: P — 17.7 mm x 21.5 mm W — 18.0 mm x 22.0 mm A-suffix issues are perf 14, B-prefix issues have rouletted perfs.Two recurring plate flaws exist across the issues - a broken (“sprung”) rosette on the left of the design. [see image showing normal and sprung versions] Numerous additional plate flaws exist on the individual stamps within the set,
