Post Horn, Booklet Sheets 1 and 2

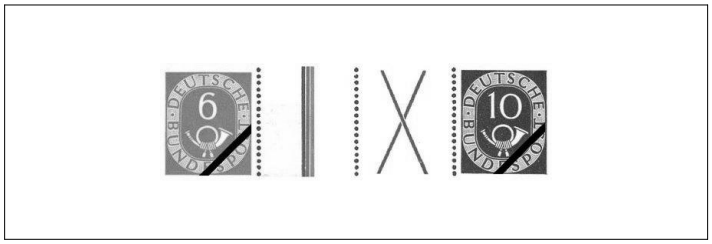

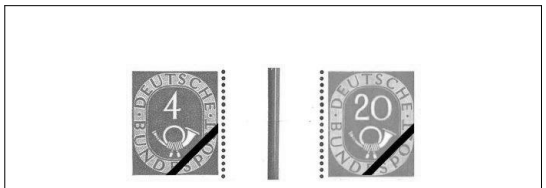

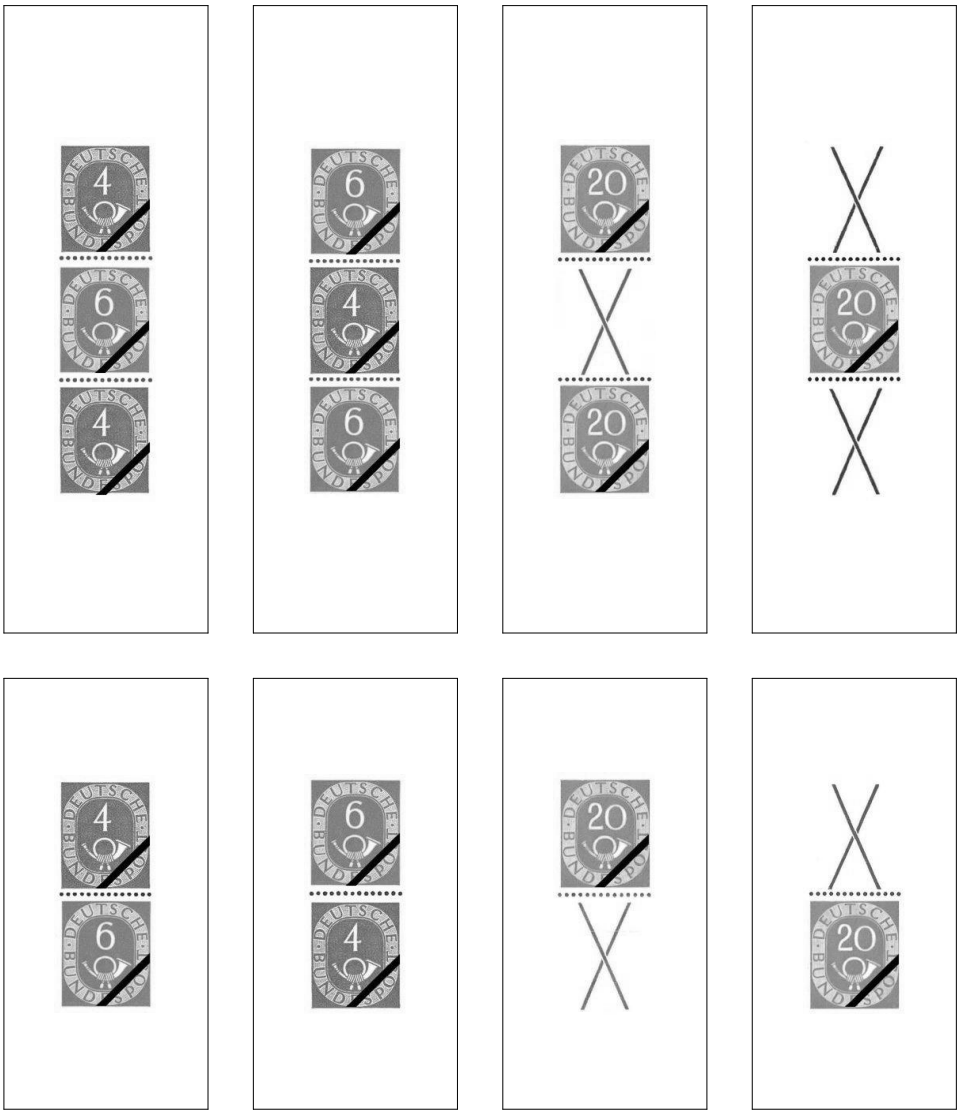

Most of these se-tenants come from booklets (i.e. from booklet panes), but some - especially those with gutters and tête-bêches - can only come from booklet sheets. As of 1974 (accident prevention issue), booklet sheets were no longer made available to the public, so no se-tenants with gutters or tête-bêches exist from 1974 on. Booklet sheets and booklet panes are referred to in this album text according to the Michel System.
