# Einige Hinweise zu diesem Albentext

Dieser Albentext beinhaltet die Briefmarken, die in Liechtenstein zwischen 1912 und 2001 erschienen sind.

In gemeinsamer, durchgängiger jährlicher Reihenfolge werden die Dauermarken, Sondermarken, Zuschlagsmarken, Luftpostmarken sowie Automatenmarken berücksichtigt. Dies schließt neben den Briefmarkenblocks auch deren Einzelmarken mit ein, nicht jedoch die Kleinbögen.

Für die einzelnen Automatenmarken sind jeweils drei Felder 'als Platzhalter' vorgesehen, was mittels AlbumEasy an die Erfordernisse der individuellen Sammlungsvorlieben angepasst werden kann.

Es handelt sich um ein Standardalbum, bei dem Zähnungs-, Papier- und Farbvarianten sowie Gummiriffelungen unberücksichtig bleiben. Gleiches gilt für die nicht offiziel herausgegebenen ungezähnten Varianten.

Portomarken sowie Dienstmarken sind gesondert am Ende des Textes angeordnet.

Die Illustrationen der Briefmarken sind in schwarz-weiß gehalten und gegenüber den Originalmarken deutlich verkleinert, damit sie nicht von den tatsächlich vorhandenen Briefmarken der Sammlung ablenken. Diese Einstellungen können mittels des Programms AlbumEasy geändert werden.

Nur für Briefmarken, die sich bei gleichem Design und gleichem Nennwert lediglich in den Farben voneinander unterscheiden, werden diese Farben für eine bessere Identifizierung bei Schwarz-Weiß-Darstellung benannt.

Der Albumtext wurde für das Papierformat A4 entworfen. Anpassungen des Formates (z. B. A3 oder Letter) können im AlbumEasy-Quelltext leicht vorgenommen werde. Dies macht eventuell Anpassungen des Seitenlayouts erforderlich.

Dieser Albentext ist kostenfrei und ausschließlich für die private Nutzung und Modifizierung bestimmt. Das Copyright verbleibt beim Verfasser. Eine kommerzielle Nutzung ist auch bei Modifizierung unzulässig.

Der Albentext wurde sorgfältig erarbeitet. Für gleichwohl noch vorhandene Fehler wird um Nachsicht gebeten.
