Some notes on this album text

This album text includes the postage stamps issued by the government of Liechtenstein between 2002 and 2023. They bear the designation 'Fürstentum Liechtenstein' or 'Liechtenstein'. It does not cover the stamps issued by Liechtenstein Post itself, which bear the designation 'Liechtensteinische Post AG' or 'Liechtenstein Post'. The same applies to certain 'special editions' of regular issues from the Principality in recent times.

In a consistent annual sequence, the definitive stamps, commemorative stamps, semi-postal stamps, and ATM franking labels are included. This encompasses both souvenir sheets and their individual stamps. All sheets that are listed as souvenir sheets in at least one of the major standard catalogs (here Zumstein, Michel, Scott, and Stanley Gibbons) are included. Se-tenant stamps from miniature sheets are also taken into account.

For the individual ATM franking labels, three placeholders for different face values are provided, which can be adjusted to meet individual collection preferences.

The stamp illustrations are deliberately in black and white and significantly reduced in size compared to the original stamps to avoid distracting from the actual stamps in the collection. These settings can be easily modified using the AlbumEasy program.

This English album text is designed for letter-sized paper. Format adjustments (i.e. Scott International or Speciality, MINKUS, A4 or A3) can also be easily made, but this may require adjustments to the page design as well.

This album text is free of charge and intended solely for private use and individual modification. The copyright remains with the author. Commercial use, even after modification, is not permitted.

The album text has been carefully prepared, with apologies for any remaining errors or instances of awkward English phrasing, as English is not the author's native language.
