United States 1970-1979

This album has been formatted for 8 1/2 x 11 inch paper This album file is free for non-commercial use only.

You are hereby given permission to copy, modify, or give this album file away in original or modified form subject to the following restrictions:

1. The origin of this album file or any derived works must not be misrepresented. In other words, you may not claim that you created it.

2. Modified versions must be marked as such.

3. This copyright notice may not be removed or altered.

The terms of this license also apply to any derived works such as PDF files or printed pages that may have been generated from this album file.

If you wish to make commercial use of this album, please request such permission via the contact page at:
https://www.thestampweb.com/contact

(c) 2025 Ronald Neubauer

Album Contents

This album contains United States general postage issues for the years 1970 through 1979.

Album Organization

This album is organized by year of issue and within year of issue by definitives followed by commemoratives. Exceptions to this ordering occur when variants of a particular stamp were issued over a period of years. In such cases all the variants appear in the first year of issue. Additionally, if a series, such as Prominent Americans was issued over a period of years, the whole series appears in the first year of issue. Within this broad organization, the stamps are generally arranged in Scott catalog number order (though the catalog numbers do not appear). Deviations from Scott catalog number ordering occur for such things as page aesthetics, grouping stamp formats (e.g. booklet panes), and keeping variant types together.

Optional Capabilities

The album includes a number of formats/categories of stamps which you may wish to exclude from the album you print for yourself. The ALBUM GENERATION OPTIONS discussion which follows these notes in the .txt file explain how to do this customization.
