

BOX HUNT 6

- Use a pencil for this activity. You will also need an eraser.
- Write any number inside each square of the first picture.
- Now write numbers in each circle so that when the corner numbers of each square are added, the total is the number in the square.
- Ask someone to check your work.
- Copy your puzzle into your journal.

Now you will make a puzzle for someone else. Here's how:

- Erase any circle number. Can you still work out the missing number?
- Now erase any number in a square as well. Can you still work out the missing numbers?
- Keep on erasing numbers until there are just enough clues left to help you calculate all the missing numbers.
- Copy the numbers that are left into the shape below. Cut off the bottom of the page and you have a puzzle for someone else.

Ask _____ for the answer to this puzzle.
