

Nichola Brandon
St Benedict's Primary School,
Canberra, Australia
Year 4, 2012

Engaging the Students

The students started off outside, and as they came in, their eyes lit up as they were asked to sit where they thought they would receive the most chocolate!

12 pieces makes the whole.
24 pieces makes the whole.
36 pieces makes the whole.

BRAG WALL

Wednesday one were quickly even weeks told story pretty your slept

beautiful feet behind stay never finally ten terms summer

BRAG WALL

who
being
another
well
might
happy
after
hand
found
found
kind

Our whole is broken up into
12 parts. Each part is
one twelfth of my whole.

$$\frac{1}{12} \quad \frac{1}{2} = \frac{6}{12} \quad \frac{1}{3} = \frac{4}{12}$$

$$\frac{1}{6}$$
