Dear Walt & Heidi:

Advent 1995

During our 8 days' tour in NC and parts of VA, after the second Spainhour Family Reunion last October, it was repeatedly the question of a "Spainhour House" here and there.

At Muttenz, too, there is a Spänhauer House.

Heidi thought it might interest you to see what the today's Spänhauer House looked like prior to its complete renovation (and partly alterations made) in 1978, when it was put under protection of natural beauty-spots from inroads of industrialism.

Due to the fact that Heidi had spent a great deal of her early youth in the Spänhauer House, together with her grand parents, she arranged the enclosed photograph. It is taken from an oil painting which her father (Hans Gautschi-Spänhauer) had asked an artist to paint in 1949 and which is hanging in our sitting room.

Together with this photograph we send you our very best

SEASONAL GREETINGS

and hope that you will enjoy good health.

Heartily,

Walt & Heidi Tiefenthaler

Encl.

N.B. Wir danken Ihnen nachträglich sehr für die Zusendung der gelungenen Fotografie anlässlich der Vernissage Raoh Schorr vom 20.10.95 in Liestal!
