Dear Professor Tunçay,

I have read with great interest your work plan for the intended stay in Germany. I agree with you that Berlin would be the best place to look for illegal literature and other material printed in Germany by the Turkish left. As you would at the same time find well-equipped libraries for the study of modern Turkey here in Berlin, I think that your stay here with us could become a major step in the completion of your great work on the history of the Turkish left-wing movements and ideas from 1925 to 1933.

We will be able to provide you with working facilities here at the Middle Eastern Studies Section of our Department. Moreover, Jochen Blaschke, Dr. Gerhard Weiher and myself are willing to give you all the necessary assistance in finding your way in Berlin and hope to be partners for you in discussing your ideas and findings.

You are heartily welcome here in Berlin and I do hope that the Alexander von Humboldt Foundation will be able to provide you with a new scholarship after you have been unable to use the last one.

With kind regards,
yours sincerely,
