Dear Dr. Wallen,

Dr. Mete Tunçay is one of the most gifted intellectuals that I have met. He is equipped with a sound theoretical background, a broad knowledge of his field and its related disciplines as Sociology, Public Law, History -especially Ottoman and recent Turkish history- and an extensive general culture.

What distinguishes Dr. Tunçay is his ability to discover problems where there is apparently nothing questionable. He treats problems with reference to their broader framework and taking nothing for granted, he often reaches conclusions which open new perspectives and frequently make necessary new evaluations.

He is greatly experienced in teaching. He selects interesting subjects for his lectures and seminars, and the original way in which he treats these subjects make his teaching very effective.

I should also like to mention his planning ^{and organizing} abilities in educational and cultural matters.

For certain personal reasons Dr. Tunçay wishes to work abroad for a while. A teaching post in a Political Science Department would be appropriate for him. Also, a Political Science Department would gain much in employing him at different levels of teaching, in guiding research, developing curriculae etc.

It is a real pleasure for me to recommend Dr. Tunçay to you and to your Faculty.

Yours sincerely,

Dr. Ioanna Kuçuradi
Chairperson
