Dear Comrade,

You may kindly recall the call of the WFTU early this year issued by way of correspondence and also announced in the annual WFTU-TUIs Consultative Meeting in which, among others, TUIs were requested to contribute financial help to the solidarity fund established to assist the DISK movement in Turkey. Following this call and the consultations we had with the respective authorities on this matter, our Secretariat decided to donate a sum of 1500 Sfrs (one thousand five hundred Swiss Francs) to the said solidarity fund "SOLIDARITY WITH DISK" from our annual allocation received from the WFTU. We are once again confirming our decision and requesting you to encash the said amount on the above account against our regular allocation. A confirmation of the same to our office will be highly appreciated.

Thanking you in anticipation for your action and sending you our fraternal greetings.
