Dear Colleague,

Our Syndicate have commenced strike in two work places which is close to our work place named Kılıçoğlu Toprak Sanayi A.Ş. that has been on strike since 20 March 1987.

Our new strikes has been commenced in Veziroğlu A.Ş. Located at Halkalı, and again Located İstanbul, Çatalca, May Yapı work places. The main reason of commenced strikes at 26 June 1987 is the Lower offer of wage of Employer Syndicate, the average wage is around 45.000 TL (5.2 USA Dollars/month). This wage is less than the wage newly established minimum wage limit.

In these said work places we have totally 65 members. Together with 560 Kılıçoğlu worker our 625 members are on strike.

The reason of starting of strikes are the unjust fully and insistingly resisting manner.

Our syndicate will have to continue the strike untill gaining the rights of workers.

We kindly request you to give information to international public opinion and to back us on our strikes.

We wish you best of success on you business.

Kind regards

General Director Ass. to the Director

Dear Colleague,

Our Syndicate has arranged a protest campaign against our country's one of the monopoly, Toprak Holding, work places of Toprak Seramik A.Ş. for discharging of workers.

Especially in the situation of workers 1980's suspending rights of syndicates, became fatty, famous being close to Özal administration, established in Bozüyük, in Toprak Seramik A.Ş. work place, until this day 200 members discharged from factory. The reason of member's discharge is to become a member of a syndicate.

In the said work place sacrifice and oppression on workers continuing. Previously it has been arranged a protest meeting against workers discharge. Now this syndicate has decided to arrange a consumer boycott against workers discharge.

What we would like you to do is to explain it on international public opinion and to send protest cables to Toprak Holding and its related employers syndicate.

We believe that you will not leave us alone on our struggle we wish you best of everything.
