Dear Friends,

We as Otomobil-İş searches a new system on our work-branch. This system still application at metall industries by employers. This system's name is "system of job evaluation". Now, we necessitate a work on international level. Therefore, we want some knowladge from your,

1- What is content and application form of system of job evaluation at other countries?

2- What is general manner of trade unions about system of job evaluation?

3- Which counries have to be off this system, and Why? We want knowladge about this prosses.

We want especially searches, working, reports, editions documents and opinions of trade unions.

If your will to send this documents to our trade union, we will be happy,

We thanks your help and solidarity,

FRIENDLY GREETINGS
