CANOSSA

"Tappered Legs, the never ending story"

Dal tratto di Giancarlo Cavicchi,
nasce Canossa, il biliardo-tavolo leader
del proprio segmento, e caratterizzato
dall'armoniosa semplicità delle basi
" Punta Sciabola " che rendono Canossa
di un'eleganza unica.
Queste basi per la loro conformazione
sono realizzate a mano una ad una
dai Maestri Costruttori della Cavicchi,
a ribadire la tradizione e la " Storia infinita "
del made in Italy nel Mondo .

From the stretch of Giancarlo Cavicchi, Canossa was born, the billiard-table leader in its segment, and characterized by the harmonious simplicity 'of the bases "Sabre Point" that make Canossa a unique elegance.
These bases for their conformation are made by hand one by one by Master Builders of Cavicchi, to reaffirm the tradition and the "Neverending Story" Made in Italy in the World.

CANOSSA STYLE

Legni puri come Rovere sbiancato, congiunto a finiture naturali, esaltano i tratti del biliardo mod. STYLE dal design solo apparentemente semplice, e caratterizzato da basi a " Piramide Rovesciata ", che esprimono una sensazione di raffinata personalita'.
Optional : Coperchio a tavolo in tre sezioni

Solid natural woods like White Oak, combined with natural finishes, enhance the features of this billiard model STYLE, design is deceptively simple, and is characterized by a basic " Inverted Pyramid " expressing a refined sensation of personality.
Optional: Table cover in three sections.
