

Surgical Silver Post Operative Dressing

Advanced Medical Solutions Ltd

Key Features

- ✔ **Antimicrobial efficacy**
- ✔ **Ability to handle moderate to high levels of exudates**
- ✔ **Dressings gelling ability alleviates trauma to incision site and aids ease of removal**
- ✔ **Gelling fibre core helps prevent adherence to suture material**

Advanced Medical Solutions have developed a range of innovative dressings aimed at the post operative market with **special emphasis on joint replacement surgery**, where surgical site infections can occur. The dressing is constructed of a non-woven stretch silver alginate attached to a windowed hydrocolloid layer with a waterproof and breathable backing film which acts as a bacterial barrier.

Surgical Silver

Post Operative Dressing
